

Wildlife Rehabilitators of North Carolina
General Membership Meeting
March, 2022

WRNC President Toni O'Neil called the meeting to order in the dining room of the University Club at NC State University in Raleigh.

After dinner, the keynote presentation was given by guest speaker Suzie Gilbert, writer, wild bird rehabilitator, and founder of Flyaway, Inc., an all-species home-based wild bird rehabilitation nonprofit. Her keynote speech "*Tales from the Front: A Rehabber's World of Mirth, Madness, and Misidentification*" was well-received and several members purchased copies of her book "Unflappable" that was sold at WRNC's book tables.

Candidates for the Board of Directors included: Rebekah Kriston, Kathy Pedrick, Linda Veraldi, and incumbents Cindy Bailey, Jean Chamberlain, and Toni O'Neil. All candidates were voted into office by at least a 50% majority of votes cast.

The meeting adjourned at 8:30 PM.
